

CALLS TO ACTION

Branch Development Plan

The purpose of the branch is for all members to work together, to increase our numbers, which in turn strengthens our ability to organise and make positive changes in our workplace, this also enables us to provide various services and support to meet the needs of members.

We encourage all members to take an active part in the development and democracy of the branch. The first step in this process can be to have an input into the annual plan for the branch. Your views are welcomed and are as valid as any other member.

To have your say on our plan please attend the branch meeting on **Monday 15 November 2021**
