Make Retirement Better

Retired Members' Benefits

**£13.05
Annually**

www.gmb.org.uk

**Union for Life. Because
Solidarity Never Retires.**

Stay Connected Stay Involved

Being a retired member of GMB means you're still part of our union family. For just £13.05 per annum (with a 5 year qualifying period), you can continue to enjoy the support, solidarity and benefits that come with GMB membership.

Retirement doesn't mean stepping away – it's a chance to stay connected, share your experience, and help shape the future of our movement.

Retired members play a vital role in our campaigning work. Your knowledge, wisdom and lived experience are invaluable to younger members who are just starting out. Whether it's offering advice, joining local campaigns or simply sharing your story, you can help inspire the next generation of trade unionists.

Staying a member means your voice continues to be heard – and it's one that matters.

EXCLUSIVE

Retired Members' **HEALTH PLAN**

All GMB members and any family member aged 50 and above can join this health plan. There are no medical questions to answer and you can stay on the plan as long as you wish.

What will I be covered for?

Everyday healthcare costs such as trips to the dentist and optician, plus a wide range of therapy treatments and other cash paying benefits.

What cover is provided for pre-existing conditions?

You can claim for pre-existing conditions on all the benefits listed on our website.

When can I start using this plan?

There is a thirteen week qualifying period before you can claim. You can then claim 100% money back on your bills, as often as you'd like, according to the cover level you choose.

How do I join?

For further details and to join visit www.gmb.org.uk/gmb-health-plan or call the GMB Health Plan helpline on **Freephone 0800 037 2078**.

If you would like more information about any of the benefits contained in this leaflet, or would like to get more involved in our Retired Members' Association, please contact:

Kevan Hensby
Tel: 07771 715660
