

Dear Member,

Your GMB Surrey Branch currently has vacancies for secondments based withing Surrey County Council and schools (term time only, for schools).

These are full-time posts, based on a thirty six hour working week, to undertake Trade Union work on behalf of GMB. Training is supplied, including Employment Law, Health and Safety and Equalities. You would be working with a small team and regularly meet with the Senior Management of Surrey County Council and Schools' HR. Secondments are for one year at a time and are renewable. There would be a three month initial trial.

You would still retain your substantive job role, be paid in the normal way by your employer and retain your Surrey County Council pension. You must be able to drive and would be able to claim mileage when on work-related journeys.

If you would like to know more, please contact me at paul.grafton@gmb.org.uk.

Yours fraternally,

Paul Grafton
Membership Development Officer
GMB Southern Region
